To Whom This May Concern,

The Edinburgh Association hired ***Dynamic Roofing Company*** to replace 17/21 roofs in 2017. We also purchased the warranty. All roofs were replaced with the utmost professionalism and quality. Colin's customer service is, by far, the best we have experienced! On the few occasions when we had requested assistance with possible roof issues, Colin responded immediately, within 24 hours, and repairs were completed quickly. Most issues we have had were the result of storms, along with hurricanes, not workmanship.

We have had no concerns or problems reaching Colin. He has been available via text, phone, and email. Colin always responds and usually is able to have someone look at any concerns within a few days. Having this level of customer service is absolutely invaluable, in this day and time!

We highly recommend ***DYNAMIC ROOFING*** for all your roofing needs! They will definitely be our preferred roofing vendor in the Edinburgh Association.

Sincerely,  
Edinburgh Association
