RE. ROOFING PROJECT IN HUNTINGTON ASSOCIATION KINGS POINT

Dear Mr. Clark

I am sending you this letter to thank you for the professional job you and your crew did is replacing the roofs in our association. We are very pleased with the way your company accomplished this task.

Your company offered us the best option for this job. Being a GAF Master Elite Roofer gave us the confidence that your company would do a good job. The warrantee provided by you also gave us peace of mind knowing that we would not need to worry about our roofs for a long time.

You went the extra mile by providing us with a financing option that allowed us to complete this project without incurring any extra expense. Thanks again for a job well done.

Sincerely yours,

Robert Comers, President

Huntington Association
